

OBJECTIVE

I am a dedicated individual seeking a full time position as a generalist in a professional working environment. I am comfortable with variety of operating systems including Windows, Macintosh and Linux. I am also knowledgeable in multitude of software programs including Maya, Body Paint, Photoshop, Illustrator, Premiere, After Effect, Flash and HTML. I am responsible and work well independently or as a team member within a small or large group. I look forward to further my knowledge and experience as well as developing my skills at a higher level.

WORK EXPERIENCE

T la Frame Animation Bangkok, Thailand August 2005 - March 2006
Freelance Animator and Modeler

- Work with a small group of animators in creating animation for TV advertisement, English instructional video and cartoon series for clients.
